Reminder!

There has been many reports of parking of trailers and RV vehicles on the street and in driveways - also of long term parking of cars on streets - this type of activity is in violation of the covenants and especially the parking of such vehicles on the street is a safety issue with cars having to navigate around such a vehicle. It is difficult to see around cars/vehicles parked on the street to safely drive on our neighborhood roadways. Please be considerate of your neighbors and remove all vehicles and trailers off the street.

All trailers and RV's should be behind your fence and out of view. Let's keep Brentwood Estates a neighborhood we can all be proud to live in.

Thank You!
